SAFETY INSTRUCTIONS

- To ensure safety, please read this manual carefully before installation and follow the instructions. Store this manual in a secure place for future reference.
- The manufacturer shall not be legally responsible for any equipment damage or personal injury caused by incorrect installation or operation other than that covered in this manual.
- The mount is designed for easy installation and removal. The manufacturer shall not be liable for damage to equipment or personal injuries arising out of human factors or acts of nature, such as earthquake or typhoon.
- It is recommended that the mount be installed by qualified personnel only.
- At least two persons are needed to install or remove the product to avoid hazard of falling objects.
- Please carefully inspect the area where the mount is to be installed:
 - Avoid places that are subject to high temperatures, humidity or contact with water.

- Do not install the product near air conditioning vents or areas with excess dust and fumes.
 - Only install on horizontal surfaces and avoid sloping surfaces.
 - Do not install in places subject to any shock or vibration.
- Maintain sufficient space around the display to ensure adequate ventilation.
 - To ensure safe installation, first check the design of the table, floor or other and select a secure installation location.
 - The table, floor or other must be strong enough to withstand a weight of at least four times that of the display and mounting together. The installation site must withstand earthquakes or other strong shocks.
 - Do not modify any accessories or use broken parts. Contact your dealer with any questions.
 - Tighten all screws (do not exert excessive force to avoid breaking the screw or damaging its thread).
 - As the manufacturer does not have the ability to control the type of table, floor or other and the installation of the mounting, the warranty of the product shall only cover the body of the mount.
